Skills

- Java
- Microsoft Azure
- express.js
- python numpy, pandas
- FULL STACK
- Web Development
- Java script
- Machine learning

Interest

- Machine Learning
- Web Development
- Data scientist
- Software Developer

Hobbies

study economic

stock investing

EDUCATION

B.TECH   2020 - Present
COMPUTER SCIENCE ENGINEERING
Rajeev Gandhi Memorial Collage of Engineering and Technology

Intermidiate   2018 - 2020
sri chaitanya junior college

S.S.C   2017
Keshava Reddy Public School

PROJECTS

Library management system
the complete FULL STACK project on Library books management system valuated by hero vired

Crop yield prediction
crop yield prediction project based on machine learning accuracy up to 95% of dataset

Cyberbullying detection
Detection of Online abuse tweets using Machine Learning Approach accuracy is 90% of dataset

voice emotion recognition
voice emotion recognition by machine learning to identify the emotional behavior of person accuracy is 98% of data set

portfolio
you can vist my portfolio for my other projects detail's and achievements ->https://madhuveer.netlify.app/

intenships

- Full Stack Developer trainee at HeroVired Company powered by HeroGroup
- intenship as salesforce administrator(CRM)
- intenship in e cell iit bombay
- intenship in Bits pillani

Certifications

- Machine learning and artifical intelligence by AWS
- Programming Essentials in Python by cisco
- Networking Essentials by cisco
- Introduction to internet of things by NPTEL
- soft skills by NPTEL
- MicroSoftAzureCirtified(verify.certiport.com: nsVp-Dw8E)
